WEBER PIANOS.

The unparalleled success which has attended the introduction of these intruments is due to their limpid purity and warm and sympathetic quality of tone, which is characteristic of them. The manufacturer, an educated musician, recognizing that until his time the development of the Piano had been in the direction of mechanism, applied himself to perfecting the tone, which he improved remarkably, obtaining a more melodious and musical quality, and also to a degree before unattained that sympathetic sensibility which renders it so indispensable to singers because of its sustaining and harmonizing consonance with the voice.

A PRESCRIPTION FOR DYSPEPSIA.

Certain, harmless, rational, and, most agreeable of all, no drugs necessary. By complying with the following suggestions all the symptoms of dyspepsia, such as distress of stomach, nervousness, heartburn, langour, sick headache, heartburn, etc., will disappear, the sufferer will again be cheerful, able to fulfill his duties and to enjoy life. Thousands have been perfectly cured already, and many thousands more can be made happy also. Now for the prescription:

Breakfast—A slice or two of toast or oatmeal or cracked wheat, a cup of coffee or tea (if desired), and a glass of Arend's Kumyss.

Dinner—A moderate piece of lean beef or mutton, a mealy potato or two, a little bread, and a glass of Arend's Kumyss.

Supper—No solid food whatever, simply one or two glasses of Arend's Kumyss. A glass of Kumyss may also be taken at bedtime. Most people sleep better on it.

Though the regimen of diet may seem scant to such as are in the habit of satisfying their appetite (not distinguishing between appetite and hunger), yet scientific investigation and experience have proved that it is sufficient for all but hard laborers. With above diet the dyspeptic grows fleshy, ruddy, hearty, where on a richer diet he stays poor, weak, and sickly. One week's trial will tell the story and prove the logic of above suggestions. If you do not know what Arend's Kumyss is you can have a treatise thereon mailed to you, gratis, by addressing

A. AREND, Chemist,

SEVEN DAYS

Only remain to do the Christmas business, and our patrons must naturally expect that an establishment like the

BEE HIVE,

KNOWN AS THE GREAT BARGAIN PLACE,

Will be pretty well crowded.

The question now is how to arrange matters in such a manner as to satisfy all reasonable demands. We have made the greatest possible efforts in that direction, and expect to enable those who visit our establishment during the next seven days to do more shopping in one hour than is usually accomplished within three hours.

STORE KEPT OPEN EVENINGS.

CARRIAGES should approach our establishment from the south side and halt on Monroe-st. Checks will be given to driver and customer alike, and carriage called by one of our doorkeepers whenever required.

PARTIES RESIDING OUT OF TOWN should mention the fact to the Superintendent on first floor, so that all packages may be collected and forwarded to R. R. Depot IN TIME, previous to departure of train.

ALL VISITORS are requested to enter by the southerly door and leave by the northerly door to avoid confusion.

The Woods and the Seasons.

The merry little mountain brook, as it lightly dances over the rocks and sparkles in the sunshine on its way down to the river, is pure and clear. It is active; therefore, it is healthy. It is vigorous; therefore, it cannot impurity.

But the sluggish pool, where the current is not strong enough to keep the water in motion, is stagnant and foul. Dirt and refuse are thrown into it, and stay there. Impurities and vile odors make it a breeding of disease and an object to be avoided.

When the blood is strong and rich and red, and vigorously coursing its accustomed rounds through arteries and veins, the system is heavy and healthy.

When the blood is thin and poor and weak, impurities and poisonous germs creep into it, and it has not strength to cast them out. Then the system runs down.

Brown's Iron Bitters contains the only preparation of iron which will build the blood, and make it pure, vigorous, and healthy. A dollar's bottle, at the nearest druggist's.

The following Letter Speaks for Itself:

CHICAGO, Dec. 6, 1883.

W. C. Coxe, Manager of the Great Chicago Museum:

Dear Sir: I have been repeatedly and persistently urged by many hundreds of Chicago's best families to arrange, if possible, for them having this city the a longitude opinion in the East, to give a series of entertainments of your rare and elegant Instrumental Troupe, which is undoubtedly the largest and finest ever seen in America since the palmy days of Barnum's Famous New York Museum. Knowing that your magnificent Auditorium has seats for 2,000 persons, and believing it is the most desirable place in this city for the attendance of ladies and children, I would like, if convenient, to arrange for an early date, and would suggest Monday, Dec. 17, for the commencement of a brief engagement, which will afford me opportunity of meeting my many friends before my final departure. Should you favor the proposition, my business manager, Mr. Sylvester Stanton, is authorized to make all the necessary arrangements. Very respectfully,
